

**Fun Music Company Curriculum-at-home**

**Grade 6 - Lesson 3  
Hedwig's Theme**

Teacher's note:

This is a CONNECT lesson, where students will complete a worksheet and send it back to you.

We have provided either fillable form PDFs or Microsoft Word file worksheets for this purpose, for students to complete and send back to you. You can do this via email if you wish or via Google classroom or another classroom management system.

You could also copy and paste the content from the worksheet file into Google Docs or any other word-processor, if you wish.

Dear Grade Six students,

In today's lesson we will listen to a piece of music by John Williams, which is from the Harry Potter movies.

**Step 1: Watch the performance.**

**Step 2: Complete the attached worksheet.**

I have attached a word-processor file. Please follow the instructions in this and complete it. If you aren't sure of the answers for the first section, you can go to this page and press "show answers" to get the solution for the first section.
