

GarageBand Project - Donuts

Mac-22

Student assignment

*Aim: Create a 30 second "donut" track, as used in Radio advertising.
You need: Mac computer with GarageBand app or iPad with GarageBand app.*

Resource video: <https://tinyurl.com/gbmac22>

Task A:

Create an original two-bar melodic short jingle to advertise your school, sporting team or community group.

Student achievement

Task B:

Create backing music for a voiceover in the middle of the track.

Student achievement

Task C:

Complete your composition by repeating your short jingle at the end, and adjust bars and tempo to ensure your composition is exactly 30 seconds long.
