

Note and rest duration

Music notes have different shapes to help musicians communicate their length, or duration.

 = whole note

 = half note

 = quarter note

Musicians need to communicate exact amounts of silence in their music, and they do this with special symbols called rests.

 = whole rest

 = half rest

 = quarter rest

Draw a note in each of the shaded boxes below to match its length.

Draw a rest in each of the shaded boxes below to match its length.
