Name: _____
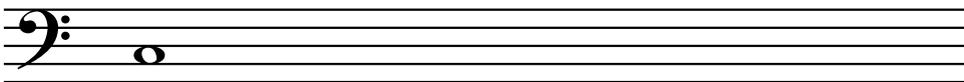

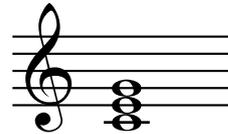

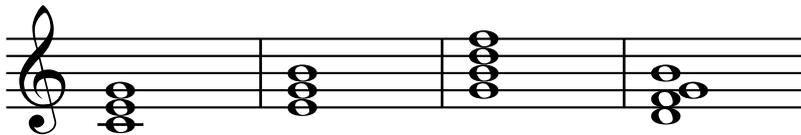

Scales, chords and arpeggios

A scale is set of notes. It usually starts on one note, and goes up or down to the next note of the same letter name.
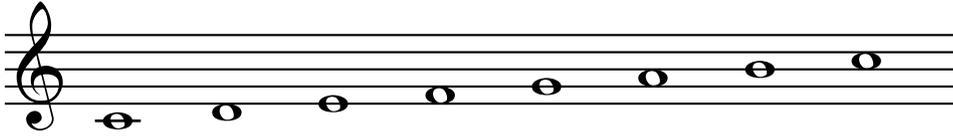

Fill in the notes to complete the scale of C major in the bass clef:

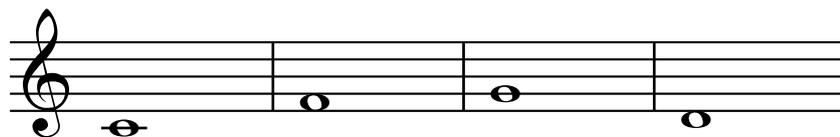

A chord is a set of notes that are played simultaneously.
Examples of chords:

A triad is a common type of chord that just uses three notes:

Add two notes above each of these notes to make a triad:

An arpeggio is the notes of a chord, played one after the other.

For example:

Write out the notes of these chords as arpeggios:
